

## Medicine Cabinet Inventory

Use the following chart to help keep track of the medications in your medicine cabinet.

List the name and strength of the prescription and nonprescription medications. Include the date filled, the expiration date, and the original quantity. Once a week, count the pills remaining and mark the date. To properly dispose of unused or expired medications, dispose of medications in a community drop box site or mix them with used cat litter, coffee grounds or sawdust to make them less appealing, before throwing them in the garbage.
